

Cushing® MLP & Infrastructure Total Return Fund Announces Monthly Distribution

Tuesday, September 4, 2018

Dallas, TX: The Cushing® MLP & Infrastructure Total Return Fund (formerly known as The Cushing® MLP Total Return Fund) (NYSE: SRV) declared a distribution for September 2018 of \$0.0903 per common share. The Fund's distribution will be payable on September 28, 2018 to shareholders of record on September 17, 2018. The ex-date for the Fund's distribution is September 14, 2018.

It is anticipated but not certain that approximately 100% of the Fund's distribution will be treated as a return of capital. The final determination of such amounts will be made and reported to shareholders in early 2019, after the end of the calendar year when the Fund determines its earnings and profits for the year. The final tax status of the distribution may differ substantially from this preliminary information.

The Fund is a non-diversified, closed-end management investment company with an investment objective of seeking a high after-tax total return from a combination of capital appreciation and current income. The Fund seeks to achieve its investment objective by investing, under normal market conditions, at least 80% of its net assets, plus any borrowings for investment purposes, in a portfolio of energy infrastructure master limited partnerships ("MLPs") and MLP-related investments. The Fund will invest no more than 25% of its total assets in securities of MLPs that qualify as publicly traded partnerships under the Internal Revenue Code. The Fund is traded on the New York Stock Exchange under the symbol "SRV."

The Fund is managed by Cushing® Asset Management, LP. No assurance can be given that the Fund's investment objective will be achieved.
